CRUISE 26

ARCADIA

TREND

WGSN A/W 25/26

INTELLIGENT SIMPLICITY

Creating new things is starting to feel old in a world facing resource scarcity. Intelligent Simplicity reframes product development as an invitation to improve what we already have, rather than create more of what we don't need.

This trend celebrates timeless styles which are elevated through fabric, fit, production and tech innovation. Styles provide versatility for a variety of seasonless settings. It intends to reduce waste, optimize efficiency and prolong product lifespans through products with classic designs in seasonless colors that will be cherished for a lifetime, or designed to disappear, leaving zero trace behind.

- Timeless pieces
- Simplify where possible
- Prioritize quality products
- Trends that customers can rely on season after season

MOODBOARD

ARCADIA

Utopic and idilic place or environment.

The world has uncountable marvelous things that amaze us. However, what happens if we stop to analyze those that we consider ordinary, and revive the experiences that we thought forgotten?

If we choose to observe, we will feel the magic again, we will admire those unseen details, cherish the past memories, and will be mesmerized by the views. We will remember why they are so special for us and fall in love with those places and events as the first time.

HOW TO MEASURE

HOW TO MEASURE

Please use a cloth tape measure to take your measurements. If you do not have a cloth tape measure, use a string with a ruler.

- BUST:** Keeping the tape measure horizontal, place it around the body, under the arms and across the fullest part of the bust. Include the lower portion of the shoulder blades.
- WAIST:** Keeping the tape measure horizontal, place it around the body at the natural waistline; usually the smallest part of the waist.
- HIPS:** Keeping the tape measure horizontal, place it around the body at the fullest part of the hips; approximately 8" below the natural waistline.
- TORSO:** Place the tape measure on the right shoulder midway between the neck base and the shoulder joint, down the back through the crotch and up over the fullest part of the bust to the starting point. Avoid constriction at the crotch.

Please note: The Torso measurement is especially important in determining the right size for a good fitting swimsuit. Interestingly, the torso length has little relationship to a woman's height. A tall woman could have a short torso and long legs and a short woman could have a long torso and short legs.

SIZE CHART

COVER-UPS	XS	S	M		L		XL	
SWIMSUITS	4	6	8	10	12	14	16	18
Bust	35	36	37	38	39.5	41	42.5	44.5
Waist	27	28	29	30	31.5	33	34.5	36.5
Hips	37.5	38.5	39.5	41	42.5	44	45.5	47.5
Torso	60.5	62	63.5	65	66.5	68	69.5	71
